ictures of Juniors' 28-6 Win Over Arkadelphia

TOP — HOPE'S JUNIORS OPENED SECOND HALF last night with this play. Roy Wray returned an Arkadelphia punt to his own 40 yard line. Camera caught him just as an Arkadelphia tackler finally brought him down. In back of the action, left to right, are Richard McDowell, Jerry Pate (34) and Larry Anderson (33).
MIDDLE — DAVID PORTERFIELD'S 50-YARD RUN 40 to the Arkadelphia 10 was a highlight of the second quarter. In the picture, standing far left, Charles Biggs (53) on knees is Larry Anderson (33); Kendall Yocom (49) and just in front of him is Dan Jones (45); in center No. 43 couldn't be identified; No. 34 is Jerry Pate running interference for David Porterfield (27).
BOTTOM — THESE ARE FIRST pictures from The Star's new telephoto lens for its 4x5 Speed Graphic camera. Previous night football photos were made with long lenses on a 35mm. Contax.

Lions Fill Pledges in Only 2 Days

By MARY ANITA LASETER

In only two days after pledge cards had been distributed the local Lions Club had received 100 in the pledges of its members to the support of the Arkansas Bone Rehabilitation Center for the Adult Blind. The Hope Lions Club, which became the first club in the state to receive its pledge card in the extension of the center which is located at Little Rock.

The plan for raising funds was first presented to the club on Oct. 12. Pledge cards were distributed Oct. 19 and by Oct. 21 members had signed up 100 to pledge 100. Thus, it is certainly something for which we are all proud.

All Around Town

By The Star Staff

Cotton gained in Hempstead County prior to Oct. 1 was 734 bales as compared to 113 a year ago, the U.S. Census Department reports. . . Lafayette County gained 2,667 compared to 679 and Adair gained 1,415 against 324 a year ago.

The singing at South Side Assembly is to be held Sunday afternoon instead of Saturday night as originally reported.

Cuba's Castro in Strongest Attack Against the U.S.

By ROBERT BERRELLE

HAVANA (AP) — Fidel Castro announced early today that he will raise an armed militia of laborers and peasants if bombing by his opponents continue.

The black-bearded Prime Minister threatened his opposition with a militia in a five-hour television speech which included the strongest attack he has ever delivered against the United States.

He also called for a demonstration on Monday by a million citizens to protest aerial raids he charged were carried out by "counter-revolutionary planes based in the United States. Presumably Havana again will be thronged by peasants from the countryside, brought in to cheer the leader of the revolution that overthrew Fulgencio Batista.

Castro appeared in his favorite electronic forum after two mystery planes showered Havana on Wednesday with leaflets attacking his regime. anti-Castro gangs roared through the capital in cars throwing small bombs and grenades, and the revolutionary army's commander in Camaguey Province resigned along with 30 of his officers in protest against Communist influence in Castro's movement.

A few hours before the telecast, the Prime Minister's bodyguard seized a drunken, knife-carrying Cuban factory worker at a street-corner demonstration around Castro to the cry of a teen-ager "That man has a knife! He is going to kill Fidel!"

Police hustled the man away from the angry mob for questioning on whether he was bent on assassination. Hours later police said the man, a 44-year-old upholsterer named Robert Salas Hernandez, would appear for a court examination today. No charges had been filed against him.

Authorities said Salas, when seized, said, "This is an injustice; I am a supporter of Fidel." Castro told the television audience he didn't think Salas planned to attack him.

Charging that the two mystery planes dropped bombs as well as leaflets, Castro raised a veiled threat against the future of the big U.S. naval and air base at Guantanamo, on the southeast coast of Cuba.

"The country was bombed in peacetime without being at war by planes based in the United States," he shouted. "What kind of reciprocity is it when, in return for our

Highway Dedicated Formally Today

HOT SPRINGS, Ark. (AP)—A new 28-mile stretch of U.S. Highway 70, linking Benton and Hot Springs, was formally opened with twin ribbon cutting ceremonies today.

Mrs. Lucille Troutt, Benton mayor, snipped a ribbon here. Mayor Preston Paul Randall performed a similar duty here.

The stretch has been used by traffic for several months while final construction details were cleaned up.

Recently a divided overpass and Saline River bridge was completed, ending the necessity of making a detour and using an old narrow bridge.

Highway and county officials took part in the ceremonies. The dedication was followed by a luncheon here.

Prediction on Weather Saturday

MEMPHIS (AP)—The U.S. Weather Bureau issued the following forecast for the Arkansas-Mississippi football game here tomorrow:

"Partly cloudy and mild with temperatures in the upper 60s."

Cost of Living Jumps to a New Record High

WASHINGTON (AP) — Living costs as measured by the government, climbed three tenths of one per cent last month to another record high.

The Bureau of Labor Statistics reported today that its index rose to 125.2 per cent of the 1947-49 average.

Every major item in the budget of the average city family went up except transportation.

The rising costs mean that almost 1 cent has been whittled from the buying power of the consumer's dollar in the last six months.

But Hershey S. Riley, price chief of the BLS, rejected a reporter's suggestion that "new creeping inflation" may have set in.

Much of the increase last month was normal for the season, Riley said.

As a result of the rise, about 1,236,000 workers, whose pay checks are geared to fluctuations in the price index will receive pay increases of 1 to 3 cents hourly.

These include 850,000 railroad, Pullman company and railway express employees whose pay is adjusted semi-annually for any rise in consumer prices.

These workers received no increase last March but now will get 3 cents more an hour.

Another 379,000 workers in the electrical equipment and aircraft industries will receive pay boosts averaging a cent an hour. The companies include General Electric and Sylvania in the electrical equipment field and Douglas, Northrop, McDonnell and Hayes among aircraft firms.

About 16,000 workers in various other industries will receive 2-cent hourly increases.

Looking ahead, it appears that foreseeable increases in automobile, gasoline, fuels and some other prices may offset an expected slight decline in food prices in the October index, which will be issued a month hence.

Department Store Sales Increased

LITTLE ROCK (AP)—Department store sales in the Little Rock area last week increased eight per cent over sales for the corresponding week last year, the Federal Reserve Bank at St. Louis reported today.

The Memphis area had the largest increase in the 8th Federal Reserve District—an estimated 20 per cent.

The increase in the entire district averaged an estimated 11 per cent.

WITHOUT SCARS

by INGRAM SEE

THE STORY: On the testimony of her 2-year-old son Timmy, Sara Volinger was accused of shooting her husband. Actually Timmy fired the gun, thinking it was a toy. His mother convinced him that she fired the gun in order not to scar the youth with the knowledge that he killed his father.

Chapter III

"I'm from Homicide, Mrs. Volinger," said the man in front of her. "Now, you say you killed your husband? Right?"

While Sara looked at him and wondered what to answer, the policeman with red hair walked briskly across the room and tapped the questioner on the shoulder. "Yeh, she did it. The kid says she did."

Sara stared at a wisp of his hair which had fallen down on his forehead; his words rang in her ears. The kid says... The kid says...

"All you gotta do now," he went on, "is get her signed confession."

With the realization of what the officer was saying, Sara jumped up. "My baby! You mustn't talk to my baby!" Dr. Gage took hold of her arm, and she jerked away from him.

The officer ignored her; he turned to the last man who had questioned her and held out his notebook. "It's in here. The lieutenant witnessed it. The kid said 'Mama went bang-bang. Mama hurt papa.'"

So... Timmy did believe that she had shot his father... Sara sat down again... The world must believe so, too, then... So no other child could ever taunt him with it...

There were more questions... Insurance? More questions... A quarrel?

"It was an accident," she said finally.

"Explain the accident," But she couldn't explain. She ran a finger slowly round and round a button on the divan.

"You are under arrest, Mrs. Volinger, on suspicion of manslaughter." It seemed to Sara that the officer was shouting. He nodded toward the black and gold dinner dress she had on. "Better change that."

Joyce and Vee came in the door as Sara passed it. Sara reached to clasp her sister-in-law's hand. "Joyce—"

Joyce tilted her head and stepped behind Vee. Sara's hand grasped empty air.

The stairway was endless as she climbed it alone. Timmy, she said silently, Marie'll take care of you until I come back. She rounded the curve and looked down. Kim, I must have moment alone with you. She couldn't see his face, for Vee, talking to an officer, was in the way.

When Sara started down, the room was empty except for two officers and Dr. Gage. She stopped and leaned a hand on the railing. They had taken Kim away. Marie ran in the door and up the steps to Sara. Sara's outburst of tears would not be stifled until she had cried them out; finally she regained herself enough to ask, "Will you keep Timmy until—"

"But Joyce took him, Sara. She said he was to go with her." Sara went on down one step at a time. She said nothing; it would do no good to protest now. "Ray's out of town, Sara, but he's due back tomorrow." Again Sara said nothing. She was beyond protesting.

At police headquarters, they asked her to sign the statement she made at home that she shot her husband. But she couldn't sign it. Then they asked her if she would submit to a lie detector test. They strapped things around her chest, on an arm, over a hand; they asked her questions.

Some of the questions were easy to answer. "Is your name Sara Volinger?"

The questions got harder to answer. "Did you kill Kimsley Volinger?"

Then the questions were easy again. "Did you and your husband have a quarrel today?"

Lions Fill

Continued from Page One

What is perhaps the most remarkable aspect of the program is the

fact that the operational budget is not expected to be increased due to better efficiency of the additional facilities.

Arkansas Lions started the first Adult Blind Center of its kind West of the Mississippi and today it is recognized as one of the best in the United States. People from all over the country come to see the Center to make use of its opportunities to supply educational and vocational training for the adult blind. The Center has even had a patient from Guam. Similar facilities are available for the colored adult blind at Pine Bluff.

No wonder that over the state of Arkansas it is recognized that the Hope Lions Club is one of the most active and most promising groups in the organization because of its better attendance percentage, better enthusiasm and better membership participation.

Sight conservation and aid to the blind is a project of Lions International. With work by such groups as the Hope Lions Club it is not hard for anyone to "see" how the ultimate goal of the organization can be reached.

It is estimated Americans consumed 32 billion bottles of soft drinks in 1958, or 184 bottles per person.

(To Be Continued)

Fair Freed of Charges of Robbery

LITTLE ROCK (AP)—Two men have been acquitted of charges of robbing a North Little Rock couple of \$2,000 on Dec. 19, 1957.

John Francis Kinney, 47, of St. Louis Mo., and Charles Jefferson Hollis, 33, of East St. Louis, Ill., were found innocent in Pulaski Circuit Court yesterday after the jury deliberated about an hour.

Both presented witnesses who supported their claim that they were outside of Arkansas at the time of the robbery.

Upon hearing the verdict Hollis began weeping and embraced his wife and two children. Kinney joyfully embraced one of his defense attorneys, R. Ben Allen of Little Rock, then congratulated the other defense lawyer, Norman S. London of St. Louis.

The robbery victims Williams Bailey Ferguson, and his wife, identified Kinney and Hollis as the men they said tied them up and robbed them at their home.

Hollis testified yesterday that on

the day of the robbery he was in Pacific, Mo., with five other persons, including a Louis Shoulters and his wife. Shoulters was not fully identified during proceedings as Judge William Kirby sustained a defense objection against an attempt by the state to explore the Shoulters' relationship with Hollis.

But later Prosecutor J. Frank Holt said earlier extradition proceedings showed Shoulters to be the son of a former St. Louis police lieutenant, also named Louis Shoulters, who figured in the Bobby Greenlease kidnapping case of 1952. The elder Shoulters, who helped arrest the kidnapers, later served a prison term for perjury for alleged false testimony in connection with \$307,000 of missing ransom money.

Kinney said he was in a St. Louis tavern the day of the robbery, where he went to borrow \$100 from the tavern operator, George A. George, to buy a sewing machine for his girl friend as a Christmas present. George took the store and supported this testimony.

A. W. Weiss, an auto dealer of Pacific, Mo., testified that Hollis was in Pacific the day of the robbery.

Kinney had successfully fought

Two Escapees Are Recaptured

PINE BLUFF, Ark. (AP)—Authorities have captured two of seven boys who escaped from the Arkansas Boys Industrial School last Tuesday.

School officials said Doyle Gene Stockman, 14, of Lansing, Ill., and James Leonard Roberts, 17, of McCrory were apprehended near Bradford, Ark., yesterday. They escaped Tuesday night by crawling through a window along with three others, Donald Bullard, 13, of El Dorado; Jimmy Dale Emmons, 17, of Blytheville and Marvin Wayne Phillips, 13, of Hot Springs.

Kenneth Dixon, 14, of El Dorado, and George Clowers, 15, of Searcy, walked away from the school Tuesday afternoon.

A search for the five still at large is continuing.

extradition but surrendered at Little Rock in 1958. Hollis was returned under a federal warrant of unlawful flight to avoid prosecution, and he still faces this charge.

Woman Dies of Age of 110

MARTINE, Calif. (AP)—Silvio, who claimed to be years old, died Thursday. Her daughters, Isabella and Mrs. Silvio was six months ago and she insisted on washing the doctor only twice, and she swallowed a pill.

Mrs. Silvio dated her the feast of St. Peter on June 29, 1949.

She was a native of Marame to Martinez in 1929 or learned English.

THE ONE LOW-PRICE WAGON THAT'S ALWAYS BEEN FIRST WITH NEW IDEAS CAN NOW GIVE YOU A SOLIDER AND QUIETER RIDE THAN ANY WAGON COULD POSSIBLY GIVE YOU BEFORE. BECAUSE NO WAGON EVER HAD A DURA-QUIET UNIBODY BEFORE.

The Solid Plymouth wagons for 1960 are built a new way by Chrysler engineers. Body and undersills are joined in one enormously strong steel unit, locked by over 5500 precise welds. Plymouth's nine new suburban models are tighter, quieter, smoother than ever. They're roomier, too.

It took ten solid years of development to create this new kind of wagon... and after two minutes behind the wheel, we're pretty sure you'll say it's worth it.

Unibody construction is made for wagons. Doors, windows and tailgate fit better and stay tight. You save on maintenance because welded construction stands up

better, with no conventional body bolts and nuts to work loose. Comfort of ride and ease of handling are noticeably improved in the Solid '60 Plymouth wagons.

See this big, beautiful wagon—and we think you're going to want it.

Build a new solid way to give you solid satisfaction.

France Wants Priority to Missile Ban

UNITED NATIONS, N.Y. (AP)—France proposed today that forthcoming disarmament talks give top priority to banning long-range missiles, aircraft and other vehicles for carrying deadly nuclear warheads.

French delegate Jules Moch told the General Assembly's 22-nation Political Committee the "number of devices being hurled into the atmosphere is increasing so rapidly it will soon be too late to think up and apply disarmament" steps in this field.

"Will the governments of 1960," he asked, "repeat the error, fraught with consequences, which was committed in 1946 by those who did not know how to work out a compromise relating to the production of fissile material for weapons use?"

Moch declared the inflexibility of that time caused the world to pass the "point of no return" the point beyond which inspection measures to detect nuclear weapons had become more and more difficult.

"Will the same lack of constructive policy," he asked, "remain our rule in the matter of satellites and rockets?"

Health Group Would Halt Smoking

By ALTON BLAKESLEE
ATLANTIC CITY, N.J. (AP)—The American Public Health Assn. today called for campaigns to prevent cigarette smoking, especially by young people.

It said smoking is a major factor in lung cancer, now increasing at a rapid rate.

If present trends continue, lung cancer "will claim the lives of more than one million present school children in this country before they reach the age of 50 years," the APHA declared in a resolution by its governing council.

The resolution calls upon health authorities to undertake a broad educational effort, particularly in the young people's group, to prevent cigarette smoking and to collaborate with voluntary health organizations and educational authorities.

Calhoun-Warren Wedding Told
Mr. and Mrs. D. A. Warren announce the marriage of their daughter, Rita Lynn to Max Allen Calhoun, son of Mr. and Mrs. Tillman Calhoun of Prescott.

to be falling off.
Sons J. W. Fulbright and John L. McClellan and Rep. J. W. Trimble spoke extemporaneously on the subject of keeping youths in Arkansas during a meeting sponsored by the Young Democrats of Washington County and the University of Arkansas.

Fulbright said "if we had started 50 years ago giving priority to education we would have a more balanced program" in this field. The situation has improved greatly, he said.

McClellan supported this and said he believed "we do not need to be too apprehensive about losses in the future."

The wedding took place at Central Street Methodist Church on July 25 with the Rev. Harrison officiating.

The couple make their home in Mt. Ida where he is connected with the Ark-La Gas Co. They both graduated from the Prescott High School. He attended Texarkana Junior College and she attended Centenary College, Shreveport and was affiliated with Chi Omega Sorority and Henderson State Teachers College.

Legion Auxiliary Has Meeting

The Legion Auxiliary met at the Legion Hut on Monday night. Mrs. Paul Koslosky, president, presided. The group joined in reading allegiance to the flag. Reading of the preamble was by Mrs. J. T. McRae followed with prayer by the chaplain, Mrs. A. R. Underwood.

Mrs. Koslosky had charge of the business and various reports were given. She gave a list of chairmen for the various committees. She stated that she would attend the State Fall Conference at the Marion Hotel in Little Rock on Oct. 25.

After the meeting the Legion and Auxiliary enjoyed delicious refreshments.

Hostess were Mrs. Lewis Garrett, Mrs. Floyd Crian, Mrs. J. W. Davis and Mrs. Wilburn Willis.

WMS Has Royal Service

WMS of the First Baptist Church met at the church for the Royal Service program on Monday afternoon with 18 present.

The meeting opened with the singing of the Warriors Hymn. Mrs. J. T. McRae had charge of the program and gave the devotion on the topic "Hong Kong" and told of living conditions, the schooling, seminary and of Chinese Missions told by Mrs. C. H. Tompkins, Mrs. Lloyd Braden, Mrs. Roy Stanton, Mrs. J. W. Gray and Mrs. J. M. Ingram.

Mrs. Underwood dismissed with prayer.

Mrs. Al Pyley, president, presided over a short business session asking all members to attend the association rally held at Unity Baptist Church.

Mt. Moriah Church Seeks Help
Members of the church and people of the community are making an effort to raise funds to place a cross on the Mt. Moriah Church. Many people who formerly lived here have moved away and the burden is too great for local people.

An appeal is made to those who are interested in other localities. The church has been a place of worship for Methodist and Presbyterians for over 100 years and should be preserved. Once being the Church seat when Nevada County was created. The first

has already begun such programs in some schools.
The tobacco industry research committee had no immediate comment on the resolution. The committee, set up by the industry to study the effects of cigarettes on health, has said repeatedly that there is no scientific proof of a link between cigarette smoking and lung cancer.

Crown Prince Carl Gustaf, 13, of Sweden is going to a boarding school near Stockholm.

Most of the wheat crop in the U.S. is produced on farms growing 100 or more acres.

Man Feels He Just to Be Alive

SAGINAW, Mich. (AP)—N. Miller felt happy to emerge unhurt from a crash which had been feared to be a locomotive accident. The vehicle side-down in a ditch. Miller, 25, was all when police drove looked unsmilingly at and erased Miller's a ticket charging him the right-of-way.

LET'S HAVE NO MISUNDERSTANDING!!!

Several of the major volunteer health organizations, depending on public support to combat public health threats in our community, have no part in the United Fund drive and receive NO part of the funds collected. One of these is The HEMPSTEAD COUNTY MARCH OF DIMES (POLIO FOUNDATION).

WE APPROVE OF THE UNITED FUND DRIVE —

There are many causes, especially local ones, which are best handled by a united appeal. The MARCH OF DIMES stands ready to cooperate with the drive and wishes it every success. But it's not our policy to participate, and we cannot appreciate the fact that the MARCH OF DIMES has been included in the United Fund against its wishes.

BUT WE CHOOSE TO REMAIN INDEPENDENT —

The POLIO FOUNDATION, supported entirely by the MARCH OF DIMES, is a voluntary agency. We use no high pressure sales method, no payroll deductions, no imposition on your time. You know which agency your money helps, and are not financing some that you might not care to support. For 21 years The MARCH OF DIMES has been a cherished American tradition, meeting a public challenge in the American way. This policy of independence has been endorsed by the American Medical Association, who are well acquainted with our contribution to public health.

WE APPEAL TO YOU —

When you make your United Fund pledge, please remember that no amount of the monies collected are accepted by the HEMPSTEAD COUNTY MARCH OF DIMES. We ask that you reserve enough from your pledge to make your usual generous contribution to the MARCH OF DIMES next January. Most of this money will be used right in Hempstead County to help meet the problems of local victims of Polio; some will go into research — the type of research that produced the wonderful polio vaccine for our most priceless possessions — our babies.

REMEMBER, your home — no home — is safe from polio until all homes are safe.

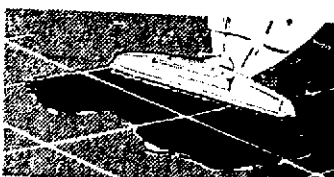

Can the United Fund support a polio epidemic in Hope?

HEMPSTEAD COUNTY CHAPTER
THE NATIONAL POLIO FOUNDATION

The March of Dimes regrets that it's necessary to publish this advertisement, but we wanted to give the average man, the average housewife, the facts — not just misleading half truths. We are confident you can decide this on its merits.

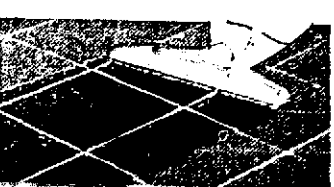

Electric Floor Washer \$79.95

Wets the floor with clean water and detergent! No muss, no fuss, no effort. Always puts clean water on the floor.

Scrubs it thoroughly! Firm Nylon brushes do the work, you just guide the washer on easy rolling wheels.

Vacuum Dries It . . . Instantly! No mop to wring, or sponge to squeeze. You vacuum up the dirty water. Hands never touch it.
